Dear Friends,

After several meeting to determine our cemetery needs, we are pleased to announce that arrangements have been completed to begin a Garden Mausoleum Sales Project for **Cheramie Cemetery** in Galliano, LA.

Cheramie Cemetery Association has entered into an agreement with **American Cemetery Consultants, LLC** of New Orleans to conduct a survey in our area to determine the size of the mausoleum. After the survey is completed and the final size has been determined, the firm will begin the construction phase of the memorial.

Like our present mausoleum facilities, this beautiful mausoleum will be designed and constructed so that it will be standing as a lasting monument for centuries to come. The mausoleum will be built with steel reinforced, poured-in-place concrete, and finished with the finest materials and select granite shutters. Names and dates can be inscribed into the granite shutter when the time of need arrives.

American Cemetery Consultants' expert staff has many years of experience in the design, sales and construction of mausoleums. Their staff has been instrumental in developing many programs throughout the area.

Representatives will conduct a survey for the next few weeks to answer questions about the mausoleum and determine who would be interested in purchasing space for their families before construction begins. Financial arrangements will also be available. Therefore, anyone seeking information should speak to a representative now by calling (985) 208-3555 or registering at AmericanCemeteryConsultants.com

Sincerely
Patty Hebert
Patty Hebert
President

Family Planning
At the time of need, many decisions must be made for burial arrangements. Not knowing your loved ones' wishes at a time of extreme stress can lead to indecision and overspending. Making arrangements today with your family will bring security and peace of mind.

Affordability
The decision of making arrangements now affords you and your loved ones the ability to pay low monthly payments that may be spread over several years.

Durability and Beauty
The beauty of this mausoleum will also offer security and strength with poured-in-place, steel reinforced concrete walls and floors with an exterior fascia of stone. Each crypt in the structure will be a dry, sealed concrete chamber with a beautiful granite shutter. Names and dates can be purchased and installed on the granite shutter at the time of need.

Future Needs
This new mausoleum development will expand the services offered to our families and future generations. This structure will stand the test of time for many centuries and will reflect the love and care we have for our deceased family members. The care and maintenance of the mausoleum will be assured by our establishing a large endowed care fund used solely for its upkeep.

A Practical Decision
If you act now, you and your family will be covered against the rising cost of inflation. Pre-construction prices are now in effect with reasonable terms available. All burial spaces are reserved on a first come basis which will allow you to choose the most desirable location for you and your family.

To speak with a representative, without obligation, please call **(985) 208-3555** or register at **AmericanCemeteryConsultants.com**
