GREENLAWN
MEMORIAL GARDENS

Dear Friends,

Greenlawn Memorial Gardens offers a serene, natural landscape for the interment of your loved ones. Situated on 45 acres of pristine, pastoral land in Upper Lafayette, Greenlawn is best known for its beautiful, registered oak trees and gardens. It has become the final resting place for families from all walks of life in the Lafayette community.

Cemeteries can be a place of great beauty that are alive and consoling to families and visitors. Indeed, a properly maintained and managed cemetery does not die…it lives on …changing with the times, reflecting our civilization, our customs and the respect we hold for those who have lived before us. **Greenlawn Memorial Gardens** is such a place.

After several meeting to determine our cemetery needs, we are pleased to announce that arrangements have been completed to build a new garden mausoleum in **Greenlawn Memorial Gardens**.

Greenlawn Memorial Gardens has entered into an agreement with **American Cemetery Consultants, LLC** of New Orleans to conduct a survey in our area to determine the size of the mausoleum. After the survey is completed and the final size has been determined, the firm will begin the construction phase of the memorial.

Like our present mausoleum facilities, this beautiful garden mausoleum will be designed and constructed so that it will be standing as a lasting monument for centuries to come. The mausoleum will be built with steel reinforced, poured-in-place concrete, and finished with the finest materials and select granite shutters. Names and dates can be added onto the granite shutter when the time of need arrives.

American Cemetery Consultants' expert staff has many years of experience in the design, sales and construction of mausoleums. Their staff has been instrumental in developing many programs throughout the area.

Representatives will conduct a survey for the next several weeks to answer questions about the mausoleum and determine who would be interested in making provisions for their families before construction begins. Financial arrangements will also be available. Therefore, anyone seeking information should speak to a representative to reserve your space now by calling (337) 935-3570.

Sincerely Yours,

Eugene J. Walters
President

Family Planning

At the time of need, many decisions must be made for burial arrangements. Not knowing your loved ones' wishes at a time of extreme stress can lead to indecision and overspending. Making arrangements today with your family will bring security and peace of mind.

Affordability

The decision of making arrangements now affords you and your loved ones the ability to pay low monthly payments that may be spread over several years. There are no credit or income requirements for payment plans.

Durability and Beauty

The beauty of this mausoleum will also offer security and strength with poured-in-place, steel reinforced concrete walls and floors with an exterior fascia of stone. Each crypt in the structure will be a dry, sealed concrete chamber with a beautiful granite shutter. Names and dates can be purchased and installed on the granite shutter at the time of need.

Future Needs

This new mausoleum development will expand the services offered to our families and future generations. This structure will stand the test of time for many centuries and will reflect the love and care we have for our deceased family members. The care and maintenance of the mausoleum will be assured by our establishing a large endowed care fund used solely for its upkeep.

A Practical Decision

If you act now, you and your family will be covered against the rising cost of inflation. Pre-construction prices are now in effect with reasonable terms available. All burial spaces are reserved on a first come basis which will allow you to choose the most desirable location for you and your family.

To speak with a representative, without obligation, please call **(337) 935-3570** or register at **AmericanCemeteryConsultants.com**
